I'm on leave till Jan 3. I wanted to go over the PRP plans for remediation and the ESD at Star Lake. Let's try again next year if we are not shut down.

I think I sent the SAP for Lane Plating to you. I will attach it just in case. Comments due Jan 18. Remember we are doing sampling in phases due to budget so this is not all the sampling we will do.

Subject: Star Lake / Lane Plating

Ken,

Sorry I did not get in touch with you about Star Lake and Lane Plating before the holidays. I have been working a couple other cases hard this month and I have not able to get reviewed up on those other two enough to have a helpful conversation (especially Lane Plating), and then I went on a short vacation. I am working the 27th and 28th and then back again on January 2nd.
